DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

--**Cancelled claims 35-40**--, as being drawn to a non-elected invention.

Allowable Subject Matter

Claims 21, 23-34 allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose a grinder head comprising a *grinding ring having an opening and a restraining boss received within the opening for limiting movement of the grinding ring, whereby the grinder ring is freely moveable within the bowl but is prevented from contacting the side wall of the bowl*, as set forth in claim 21.

The prior art of record, Mariutti discloses a grinder head comprising a bowl (20), boss, i.e. protrusion (66), grinding disk (34) and lid/cover (30). Mariutti discloses that the bowl contains material to be ground and that grinding occurs between the grinding disk and the bowl.

Additionally Hobson discloses a grinder head comprising a bowl (26) for holding a material (13) to be ground, a grinding disk (11) and lid/cover (25).

Neither Mariutti nor Hobson disclose the grinding disk to have an opening through which the boss protrudes. Instead, both Mariutti and Hobson disclose the grinding to occur solely between the bowl and the grinding disk, with the disk being moveable within the bowl such that the grinding disk contacts all sides of the bowl. (See figures 3,6,12 of Mariutti and 4, 5 of Hobson). Accordingly, Mariutti and Hobson fail to teach or fairly suggest the *grinder ring prevented from contacting the side wall of the bowl*.

Neither the prior art references nor any combination thereof discloses or fairly teaches the claimed invention as set forth in claim 21. Accordingly claim 21 and its dependents are allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
